

BETTER THAN HOT SPRINGS, HE SAYS

Ringel Says All Treatments Failed Until He Took Tanlac—Like New Man Now.

Remarkable, indeed, was the statement made recently by Charles Ringel, of 315 Washington Street, Peoria, Ill. Mr. Ringel declares that, although he has taken the treatment at Hot Springs and used numbers of different medicines during the past eleven years, in his efforts to restore his health, a few bottles of Tanlac have done him more good than anything else combined. His statement follows:

"Nothing ever helped me until I got Tanlac and now I'm just like a man made over. My stomach had been in a very bad fix for eleven years or more, and I had lost all my weight. I was so weak that I was forced to quit work. No kind of medicine seemed to reach my trouble and I was going down hill very fast. I was advised to go to Hot Springs, which I did, but after spending what money I had saved up, I returned home in just as bad shape as when I left. If not worse."

"While talking to a good friend one day about my deplorable condition he told me he believed a few bottles of Tanlac would straighten me out. Well, I had little faith in it to help me, but as my friend seemed to know what he was talking about, I decided to take his advice, and to my complete surprise the first bottle of Tanlac stopped the gas forming in my stomach and put me in shape to where I could eat and enjoy my meals. My food began to digest as it should, my nervousness left me, and I realized I was on the road to rapid recovery. As I continued to take Tanlac my health improved and my strength returned until now I am able to work as well as I ever could in my life. I feel more grateful than I can express for what Tanlac has done for me, and am now telling my friends who are suffering to try it. I can't praise it too highly and expect to keep on it for my health as long as I live."

Such statements as the foregoing should appeal very forcibly to the thousands who suffer from the same troubles. Most people who suffer from nervousness, indigestion, stomach and liver troubles, kidney derangements and who are in a general run-down condition simply need something to tone up their system and to assist the vital organs in performing their proper functions. Tanlac is a powerful reconstructive and always produces most gratifying results.

Tanlac is sold in Memphis by Warner Drug Co. and Weiss Pharmacy, and all the leading druggists in practically every city, town and village in America.

GRAVE DUTY OF JAPS IN KOREA GRAPHICALLY TOLD

Official Report To Be Made to U. S. Government Describes Horrible Scenes During First Days of Revolt.

SHANGHAI, April 16. (Correspondence of the Associated Press.)—The Korean insurrection, announced as a passive revolution against Japanese rule, will be brought to the attention of the American government in a series of graphically written reports. One of these has just been read by a correspondent of the Associated Press. It was written by an American and reaches the consular officials from March 1, when the revolt began, until March 15, when the report was started on its way to the American minister at Peking.

According to this story, the Koreans who sought publicly to demonstrate their demands for independence were brutally treated, scores being killed and hundreds injured. The report summarizes these features: "The revolution began Saturday afternoon, March 1, in many large cities in Korea, and spread like wildfire to the country. It was well planned, the plotters representing all classes. A proclamation of independence, signed by 23 men, had previously been issued. Twenty-nine of these men gathered in Seoul on Feb. 28 and after the meeting, where the proclamation was read, met at a dinner party. Later they telephoned to the police that they were ready to go to jail, whereupon the authorities took them to prison. "In Seoul and Peking Yang and other cities, where foreigners resided, the military abstained from firing on the crowds, but in the rural districts violence of the most terrible description has been practiced. Unresting crowds have been fired upon, scores of persons killed and hundreds wounded. Churches have been wrecked, private homes entered and young men and school girls, in particular, dragged off to prison where most of them have been flogged and a few held for trial. "Here in Peking Yang, where the treatment of the people has been much milder, the Koreans have personally witnessed or heard directly from witnesses of so many terrible scenes that I can hardly bear to write them."

Girls Beaten.
"Five theological seminary students, men who had just arrived in Peking Yang that morning, while quietly resting in their rooms, were taken to the police station and although protesting their innocence of plotting against the government, were given 25 lashes applied at full strength. "Two girls were dragged by the hair from a house near the mission hospital, tied to a telegraph post by their hair, horribly beaten by duped firemen and then left to rot in jail. "One man 65 years old was caught by the soldiers and beaten and lashed until he could not walk. Then he was dragged off to jail. Before he had gone 400 yards another squad of soldiers repeated the performance and at the jail where the punishment was continued, the victim collapsed and was sent home in a ricksha. "While the crowds were parading the streets the police and soldiers ran their weapons deliberately into unresisting bystanders because they happened to be in the way. "In front of the prefect's office one defenseless Korean was murdered and killed by two firemen armed with pikes. The corpse was dragged along the ground and away by the slavers. "Old men, women and children have been indiscriminately abused, beaten, cut down with swords, struck by firemen armed with pikes, officially flogged at the police station, pierced by bayonets, and never a man has resisted the military. The passive revolt has been true to its name here. "Because we foreigners have seen all we are not only persons non grata to the Japanese, but in real danger of our lives. It is reported that hired thugs are wandering about the city at night to waylay whom they may. The foreigners may be attacked and injured or killed by these men. If they are, the government will promptly disavow the acts, but the objectionable individuals will, nevertheless, be out of the way. It is becoming increasingly questionable whether foreigners can remain here during the continuance of the trouble."

HARDWARE MEN TO MEET.
LITTLE ROCK, Ark., April 16. (Sp.)—The twentieth annual meeting of the Arkansas Retail Hardware Dealers' association will be held here May 6 to 8, it was announced Tuesday.

BANKERS TO ST. LOUIS.
Four Memphis bankers, representing the Memphis branch of the Federal Reserve Bank of St. Louis, left Tuesday night for St. Louis to attend a meeting of the directors of the Eighth federal district, which was scheduled for Wednesday. In the party were R. Brinkley Snowdon, St. Louis, J. H. Heflin, St. Louis, and John J. Heflin, St. Louis. The conference was to close Wednesday night with a luncheon at the St. Louis club.

Knock Out Rates.
WASHINGTON, April 15.—Rates on lumber and articles taking the same rates and on box lumber, shooks, hoops and staves, in carload lots from New Orleans to certain Texas destinations were found by the Interstate Commerce commission to have been unreasonable in a decision today in the case of the New Orleans joint traffic bureau and the Texas Eastern Railway company and other carriers. Reparation with interest will be allowed as soon as the statements of the overcharges are presented.

JACKSON LAUNCHES ITS BUILDING CAMPAIGN
JACKSON, Miss., April 16. (Sp.)—Representatives of all building industries in this city have launched a "build it now" campaign, backed by the Jackson board of trade, and will push their propaganda with all energy during the coming week. A meeting will be held Thursday evening at which plans will be laid for prosecution of the building boom idea. Jackson is virtually without a building program and it is almost impossible to obtain loans. Home-building will be the part of the campaign upon which the most stress will be laid. A vigorous newspaper advertising drive will be a part of the scheme.

INDIAN AUTHORITIES RESTORE CIVIL ORDER

LONDON, April 16.—Prompt measures taken by the Indian authorities to deal with the disturbances that occurred at Bombay, Ahmedabad and other points recently have resulted in the restoration of order everywhere, says a news dispatch from Bombay, filed Sunday. The disorders at Ahmedabad, the government buildings were burned and a train conveying troops from Bombay to restore order was delayed by the removal of several rails. There were no casualties, but the line was blocked and telegraphic communication interrupted.

MELBOURNE, April 16.—The commonwealth government has decided to prohibit the movement of all shipping from Australian ports in consequence of the severity of the influenza epidemic in Australia and New Zealand.

ELBERT ISSUES EASTER MESSAGE

Hun President Raps Radicals and Praises Action of Assembly.
COPENHAGEN, April 16.—According to a dispatch from Weimar, President Elbert of Germany has addressed the following Easter message to the national assembly: "The national assembly expressed unanimously, on April 10, the expectation that the government would agree only to a peace based on understanding and reconciliation and would reject any treaty which would sacrifice the present and future of the German people and the world. I welcome this pronouncement as a declaration of the inflexible will of the German people, that the coming peace shall be a peace of lasting understanding and reconciliation among the nations. The national assembly and the government are working with devotion and energy to fulfill the great task of giving peace, bread, work and a new constitution to a great nation. The task is difficult to fulfill as long as those who have it in their power to give the world peace allow themselves to be dominated by feelings of hatred and revenge and by means of the hunger blockade, and by threatening our annihilation are driving the German people to despair. President Elbert denounced the internal disturbers of the country whose action, he said, "threatens to completely destroy our economic life." "The yearning of the masses for human dignity," he continued, "is no excuse for the hatred and disorder of agitators who systematically endeavor to disturb the construction of the German republic. The new Germany can not be created by a jump in the dark, which would certainly be a jump into the abyss. A Bolshevik dictatorship of the proletariat minority would certainly ruin industrial Germany in a few months. A speedy external peace, based on understanding and a league of nations, is a vital question for us, but no less does our salvation rest on the necessity for peace and work at home. I therefore in this grave hour, exhort all classes of our people to cease tearing one another to pieces. With a victory over yourselves, open your eyes and see the abyss."
